How to finish the Graduate CV kit

A graduate CV that leads with projects and vacation work, not an empty career summary.

Replace the sample

1. Put your name and city in the heading. A full street address is unnecessary.
2. Replace each role with yours. Keep the shape: action and result.
3. Delete a skill you cannot discuss for five minutes.
4. Name the degree, the institution, and the year.
5. A project with a result beats a list of modules.

Before you send

- The file name is YourName-Role.pdf.
- A person who does not know you can see the target role in the first three lines.
- You can defend every number in an interview.

The employment history in this file is fictional sample text. Replace every line before you send it. This kit does not guarantee interviews.
