How to finish the Career-change CV kit

MOHAO digital product

A CV that explains the move without apologising for the old career.

Replace the sample

1. Put your name and city in the heading. A full street address is unnecessary.
2. Replace each role with yours. Keep the shape: action and result.
3. Delete a skill you cannot discuss for five minutes.
4. Translate the old work into the new job's tasks.
5. Put the target role in the heading, not a vague 'seeking opportunities'.

Before you send

- The file name is YourName-Role.pdf.
- A person who does not know you can see the target role in the first three lines.
- You can defend every number in an interview.

The employment history in this file is fictional sample text. Replace every line before you send it. This kit does not guarantee interviews.
