Webinar registration card

SVG files you can upload. Not a native Canva template.

A registration card for a fictional webinar on writing a project brief, 21 October 2026 at 18:00 SAST. The promise is a one-page brief template, which you would attach separately.

Files and sizes

File	Pixels
webinar-card.svg	1080 x 1080

How to edit

1. Write the time with the zone.
2. State the takeaway in one line.
3. Update or remove the card if you change the time.

Canva, Figma, and print

Create a design at the pixel size in the table, then upload the SVG. In Canva this is an upload, not a brand template from Canva's library. In Figma, place the SVG and edit the text layers. For print, add bleed in the editor. The SVG is the design area.

Sample names and offers in these designs are fictional. Replace them before you publish. This package is not a native Canva file.
